ABSTRACT BODY

Please note:

- Please do not repeat information already entered (i.e. author affiliations; authors; abstract title).
- The abstract text should not exceed 250 words (350 words for invited speakers). Abstracts must be submitted in English.
- Format the abstract exactly according to the following model:
- Type the title in capital letters. Do not underline the title. Space two lines and underneath the title. Type the author's name(s) in lower case and put the name of the presenting author first. Include the name(s) of the institution(s) where the work was done. Space two lines and type the entire abstract as one paragraph in lower case. Do not use subtitles. When using abbreviations, spell out the word or phrase in full the first time mentioned, followed immediately by the abbreviation in parentheses.
- Abstracts should be sent by e-mail (office@jsw-lifesciences.com).
